

# XS4

Moving Heads

## Specifications:

<b>Optics</b>	High precision optical system Electronic Zoom Range 2° – 38°
<b>Light source</b>	330W YODN Lamp Light Output up to 150,000 Lux @ 2 and 5100 Lux @ 38 @ 11 meters Rated Sources life up to 2000 Hrs
<b>Control:</b>	DMX Channels: 16/24CHS DMX 512 Protocol, through DMX Cable Stand-alone mode and Master/Slave Modes Local Control Panel with LCD display DMX 512 input/output through XLRs connectors
<b>Display</b>	Graphic LCD
<b>DMX Signal connection</b>	S pole XLR input and output Software upload through DMX input
<b>Moving body</b>	Movement by means of 16 stepper motors, 2pcs 3-phase pan & tilt motors
<b>Pan</b>	540° Tilt: 270° Electronic check-up of every single parameter with error alarm Information Menu including hour counter, temperature, software version
<b>Hardware facilities</b>	Graphic LCD Display for addressing and special functions settings with flip function XLR 5 pin male and female connectors for DMX connection. PowerCON male and female connectors for power connection
<b>Cooling system</b>	Advanced cooling system Self adjusting variable speed fans for quiet operation
<b>Auto mode</b>	IP20 protection rating
<b>Size</b>	361 x 300.8 x 601.8mm
<b>Weight</b>	18.6kg
